Dear Parents,

In our program, we serve all types of families. It is our goal to include all family members in the Head Start/Early Head Start experience. We strive to work with blended and step-families and non-custodial parents. In an effort to include your child's non-custodial parent, we would like to send them our quarterly program-wide newsletter and/or conduct home visits. Please indicate whether you are comfortable with our contacting your child's non-custodial parent in this way.

_____ Yes, please send the newsletter to him/her.

_____ Yes, please contact him/her about home visits.
